

## Your Electricity Meter: Ensuring Accuracy

We visited your premises today to test your electricity meter(s) in order to verify accuracy and that the meter conforms to legal requirements in accordance with the *Electricity and Gas Inspection Act*.

It's important for customers to receive accurate bills for the amount of water, gas and electricity consumed by their household or business. Reliable metering equipment plays a critical part in ensuring you continue to receive accurate bills.

- Your meter was tested and found to be accurate within the manufacturing tolerances. No action is needed on your part.
- Your meter was replaced. If you have any questions or concerns, please contact us at 613-546-1181, extension 2247.
- We couldn't access your meter. Please call us at 613-546-1181, extension 2201.
